Watkins Glen Central Schools	Exploratory 5th and 6th grades	Spanish and French	Our exploratory program in 5th grade began three years ago. According to the guidelines above, it is not truly a FLES program in that classes do not meet all year. It does spiral into a sequential program in sixth grade, although from year to year, nothing is ever set in stone! Personally, I would prefer going to back to classes every day in 7th and 8th grades that we had prior to this, rather than every day in fifth for a quarter of each language, every other day in sixth and seventh, and every day in eighth. It's just not good continuity for the Proficiency Exam. Thanks!
